

LIBF Bridge Programme 2021

Jump start your career in banking,
financial services or trade finance.

No fees for professional qualifications for 2021 registrations only!*

Given the current uncertain environment for graduate employment, we have launched a new programme for recent graduates (2021) and alumni (2020) who are still looking for a job.

We are running three career-focused training programmes, leading to the option to take a professional qualification in strategic banking, financial advisory or trade finance:

- **Banking Bridge Programme** • 14-15 October 2021 • Peninsular House and online
- **Financial Advisory Bridge Programme** • 20-21 October 2021 • Peninsular House and online
- **Trade Finance Bridge Programme** • 17-18 November 2021 • Peninsular House and online

Each programme includes lectures, panels sessions, practical simulations and career support. Students completing one or all of the programmes can register to take one of the following qualifications at no extra cost:

SMIB - Strategic Management in Innovation & Banking (usual fee £995)

DipFA - Diploma for Financial Advisors (usual fee £990)

CITF - Certificate in International Trade & Finance (usual fee £595)

CertPAY - Certificate in Principles of Payment (usual fee £520)

You can sign up to all three programmes or choose the programme most relevant to your needs. To register, please email nchoudhury@libf.ac.uk

Further information will be sent to participants in the coming weeks. You must register by Thursday 30 September.

***Note:** The fee waiver is only offered to alumni from (2020) or recent graduates (2021). To be eligible for the fee waiver you must complete at least one Bridge programme and register for one professional qualification by 31 December 2021.
