Dear David

Support of LIBF Level 3 Certificate and Diploma in Financial Studies

Further to your recent letter, I am writing to confirm that the University of Kent is able to support the recognition of the LIBF Level 3 Certificate (QN6008537) and Diploma (QN60085514) in Financial Studies in preparing students for admission to University.

Over the years the University has maintained a good working relationship with the LIBF, in supporting the development of its academic programmes to ensure that the qualifications meet the expectations of the University and the wider HE sector for progression purposes. We are increasingly seeing high calibre candidates applying with both the Certificate and Diploma qualifications as an integral part of their Level 3 qualification portfolios and the University is happy to accept these candidates on to a wide range of degree courses.

Yours sincerely,

Steven Holdcroft
Head of Recruitment and Admissions
