Purpose of the qualification

Why study the LIBF Level 4 Risk and Regulation in Banking (RRB)?

Never before have banks had to manage such a rapid change in their regulatory landscape along with having to deal with a seemingly endless array of critical risks. Following the global financial crisis regulators have put in place a raft of new regulations and structural reforms with the aim of making the banking sector safer and it is imperative that you are aware of these developments and their impact upon a bank operations and regulatory requirements. Global markets continue to be volatile and with FX, equity, fixed income and interest rates markets all facing unique challenges. This qualification will give you a fundamental understanding of how these different risks impact a bank along with the importance of setting an appropriate governance structure and risk culture.

The qualification aims to explore the fundamentals of risk and how it is measured and managed, along with how banks are regulated to ensure the stability of the banking sector. You will also learn about the causes and consequences of the global financial crisis and how banks must also carefully manage a wide and diverse range of stakeholders.

Objectives

To provide fundamental knowledge of the risks and regulations that banks face in the current environment to effectively respond to these as a banking professional.

Key content areas

- Definitions and concepts of risk
- Principles of risk measurement
- The causes and consequences of the global financial crisis
- Stakeholder management
- Bank regulation and risk management
- Contemporary developments in regulation and risk oversight
- Introduction to credit, market, financial and operational risk

Progression and preparation for further study

RRB provides a platform for continued study within the financial services sector and a wide range of other business-related disciplines.

Upon successful completion of the Level 4 Risk and Regulation in Banking (RRB) qualification, there are opportunities for further study with The London Institute of Banking & Finance. RRB forms part of the [Professional Diploma in Banking & Finance](#) designation.

On successful completion of the Professional Diploma in Banking & Finance designation, you will be eligible to apply for Associate membership status of The London Institute of Banking & Finance.

Apprenticeships

Risk and Regulation in Banking (RRB) is not currently available through an apprenticeship standard.

Preparation for employment / professional development

RRB is designed to develop knowledge and understanding of risk management in banking and enhances skills that are valued within that sector and others. This qualification takes a very practical approach ensuring students develop a good underpinning and an inquisitive approach to risk management. A wide range of data and real life case studies are used to help demonstrate practical issues and considerations for a modern banking industry.

Structure

RRB is made up of one mandatory unit which must be successfully completed to achieve the qualification:

The detailed unit syllabus is available as an Appendix to this document and latest versions are always available through our course website.

Total Qualification Time (TQT)

Total Qualification Time (TQT) is a prediction of the total time a student with no prior knowledge might need to complete the course.

TQT consists of two elements, Guided Learning (GL) and all other hours:

- GL is time spent studying under the immediate guidance of supervision of a teacher.
- All other hours include hours spent unsupervised in research, learning, e-learning, exam preparation, and formal assessments.

RRB is primarily considered a distance-learning, session-based qualification.

Guided Learning Hours	10 hours
Other hours	90 hours
Total Qualification Time	100 hours

Learning resources

You are provided with the following learning resources:

- online access to the core text through MyLIBF - www.myLIBF.com
- access to KnowledgeBank (e-library) through MyLIBF
- unit syllabus
- study planner
- specimen paper

What to do before the assessment

To prepare for all assessment elements, you should make use of all learning resources.

Copyright
