2. PROGRAMME OVERVIEW

Programme Background

The BSc (Hons) Finance, Investment & Risk draws upon the many years of experience held by The London Institute of Banking & Finance in educating professionals in banking as well as our unrivalled understanding of the financial services industry, supported by a strong group of academics with first-hand knowledge and industry experience.

The London Institute of Banking & Finance has made employability a cornerstone of all our programmes and is focused on producing graduates that have the critical combination of knowledge, practical skills and understanding that can be applied in the professional world. The BSc (Hons) Finance, Investment & Risk crucially reflects what employers tell us they are looking for from potential recruits.

Our City of London location and close links to the industry provide you with the opportunity to be introduced to, and interact with, financial services employers through visits, industry speakers and practical workshop activities, throughout the programme.

The degree is offered as a three-year programme or alternatively as a four-year programme, including a one-year industry placement, if a sandwich year is taken.

Programme Aims

The BSc (Hons) Finance, Investment & Risk aims to:

1. Develop your knowledge and understanding of key finance and investment practices, financial theories and applications for investment, business planning and risk management, that underpin sound decision-making.
2. Develop your ability to critically analyse, interpret, solve problems, draw independent conclusions, and communicate effectively, both individually and as part of a team.
3. Encourage you to reflect on and evaluate the impact of the changing regulatory and operating environment on finance and investment practices, including the areas of technical change and strategic and risk management.
4. Provide you with opportunities to acquire the necessary skills and competencies to develop professionalism in the context of a role in the financial services industry or to move on to further study within the discipline.
5. Increase your awareness of the importance of strategic, moral/ethical, and economic issues within the financial services sector in general.

Programme Summary

The first year of the programme provides a strong foundation in a set of subjects crucial to a successful career in the financial services industry, thus encouraging you to relate your studies to the financial sector from an early stage. Differentiating modules include ethics and employability, providing you with the specialised knowledge and skills required in a very competitive sector.

The second year of the programme builds on themes learnt in Year one and equips you with specialised knowledge of theoretical models and applications in finance and investments, thus emphasising the vocational element of our degrees. Differentiating modules include Foreign Exchange Markets, Derivatives & Risk Management, Portfolio Management, and the FinTech and Emerging Markets optional modules.

The third year of the programme enables you to develop your knowledge of the financial services industry to a higher level, with an emphasis on themes such as investment and risk. Differentiating modules include Equity Investment and Fixed Income & Credit Risk, and a strong group of vocational electives, including Alternative Investments and Private Equity & Venture Capital. The Project is an optional module.

This programme supports the development of your employability attributes and behaviours throughout its duration. The employability attributes comprise: Problem solving, Communication Skills (Listening Skills, Non-Verbal & Verbal), Team Working, Digital literacy, Analysis & Decision making, Numeracy, Negotiating, Relationship Building, Commercial Awareness, Creativity, Leadership & Influencing, Cultural Awareness, Cross-disciplinary abilities, and Managing diverse & agile teams. The behaviours comprise: Ethical motivation, Professionalism, Growth mindset, Resilience, Emotional Intelligence, and Empathy.

3. INTENDED LEARNING OUTCOMES OF THE PROGRAMME

This programme has been developed in accordance with the QAA Subject Benchmark for Finance (F).

Please note: The programme intended learning outcomes below are described at the Bachelor with Honours level (Level 6). Programme intended learning outcomes for Exit Awards are given in Section 11.

On successful completion of this programme, you will be expected to:

- LO1.** Discuss the role, operation and function of markets and financial institutions, the nature of the contexts and institutional framework within which they operate, and the products and services they deliver. *F3.2*
- LO2.** Critically evaluate and employ subject-specific theories and tools, empirical evidence and concepts relating to finance and investment generally, and how these apply in a practical work environment. *F3.2*
- LO3.** Analyse and interpret financial data, and examine the relationship between financial theory and empirical testing. *F3.2*
- LO4.** Analyse and assess the risk factors influencing the investment behaviour and opportunities of private individuals. *F3.2*
- LO5.** Appreciate the nature of finance and investment as evolving disciplines that need to respond to the constantly changing legal and regulatory environment. *F3.2*

4. THE STRUCTURE OF THE PROGRAMME

<i>Choose two option modules</i>	

* C = Compulsory

O = Option

S = Substitution by invitation

Note: Delivery of option modules is dependent on minimum student numbers and the mode of delivery.

5. TEACHING AND LEARNING STRATEGY

The learning and teaching strategy of The London Institute of Banking & Finance is designed to ensure that you are encouraged to integrate theory with practice, and challenge each, in line with the organisation's ethos. You are expected to undertake a considerable amount of independent study: reading, industry-related research, and personal reflection. Scheduled classes, webinars and online discussion forums support your developing abilities to critique and challenge

models, theoretical frameworks, and any work-based exposure you may have had, via debate, discussion, research and reports, with your lecturer and fellow students. The mix of classroom-based input and discussion and personal research, together with the opportunity to experience workplace practice, accommodate different approaches to learning, and foster a variety of academic skills.

There are three possible modes of study:

Full-Time Study

- On-campus: Learning and teaching via face-to-face lectures, seminars and tutorials primarily at our City of London campus, supported by access to the Virtual Learning Environment and your own independent study.

Part-Time Study (including Apprenticeships)

- Online distance learning: Learning and teaching centred on the Virtual Learning Environment and your own independent study, with both synchronous and asynchronous support from your module lecturer.
- Flexible learning: Study via a blend of learning including on-campus, online distance learning, and face-to-face workshops offered at various locations.

Collaborative Arrangement

Some or all aspects of your module are delivered by a collaborative partner.

Learning Resources

You will have access to a range of resources, including:

- Lecturer
- Virtual Learning Environment
- KnowledgeBank, our online library
- Readings

6. ASSESSMENT AND FEEDBACK STRATEGY

Assessment

Progression and Assessment regulations are as set out in The London Institute of Banking & Finance's General and Academic Regulations for Students. Students should also familiarise themselves with The London Institute of Banking & Finance's Code of Practice for Quality Assurance and the Student Charter.

Assessment strategies follow The London Institute of Banking & Finance's Code of Practice for Quality Assurance, Chapter 7: Assessment.

Assessment consists of both formative and summative approaches. The tools used vary across the programme, aiming to provide a mix of examination, assignments, in-class assessment, case-study reports, presentations, debates, peer assessment, portfolios, group work, and individual research.

Details of procedures and deadlines for submission of assessed assignments, penalties applied for late submission and the procedure for requesting an extension to an assignment submission deadline are all published in the Programme Handbook.

Feedback

You will receive feedback during the module, which will include individual and group feedback, as well as a mark for all summative assessments. You will also receive feedforward.

7. CREDIT AND AWARD

Credit Framework

The BSc (Hons) Finance, Investment & Risk is made up of 360 credits. 1 credit approximates to 10 student effort hours, and the total course thus requires an average of 3,600 effort hours. The course consists of 120 credits at Level 4, 120 credits at Level 5, and 120 credits at Level 6. On successful completion of the full programme, students will be awarded the BSc (Hons) Finance, Investment & Risk.

Grades for the BSc (Hons) Finance, Investment & Risk are awarded in accordance with The London Institute of Banking & Finance's General and Academic Regulations for Students. Students should be aware of the regulations governing the award of credit and the arrangements for compensation and the capping of marks. Students should also be aware of

the regulations relating to the resitting of assessment components. This information is contained within sections 7, 8 and 9 of The London Institute of Banking & Finance's General and Academic Regulations for Students. Students may also be able to take individual modules of the course as a part of executive education programmes.

The BSc (Hons) Finance, Investment & Risk degree is awarded with First Class Honours, Second Class Honours (Upper and Lower), and Third Class Honours.

The time limit for each level of study on undergraduate programmes is two years for full-time study and three years for part-time study.

Exit Awards

In line with The London Institute of Banking & Finance's General and Academic Regulations for Students, the following applies:

Students successfully completing one or more levels of an Honours degree but who, for whatever reason, do not complete the whole programme will become eligible for an exit award, such as a **Certificate of Higher Education in Financial Services (CertHE FS)** or a **Diploma of Higher Education in Finance, Investment & Risk (DipHE FIR)**, as appropriate. Non-Honours Bachelor degrees are awarded in line with the credit requirements set out in the General and Academic Regulations for Students. In the event of subsequent achievement of a higher award, then the exit award may be withdrawn.

Note: The London Institute of Banking & Finance does not award interim qualifications. For example, a student registered for an Honours degree will not automatically be awarded a certificate or diploma of higher education on completion of the required number of credits.

8. PROFESSIONAL RECOGNITION

Holders of the BSc (Hons) Finance, Investment & Risk are eligible to apply for Chartered Associateship of The London Institute of Banking & Finance upon demonstration of relevant working experience in financial services.

Students who successfully complete the Level 4 Certificate in Relationship Management qualification as an optional module will be awarded the professional qualification regulated by Ofqual.

9. CRITERIA FOR ADMISSION

Students must be able to satisfy the general admissions criteria of The London Institute of Banking & Finance. Entry requirements for the BSc (Hons) Finance, Investment & Risk are:

	Grades	Old UCAS tariff	New UCAS tariff
'A' Levels	AAB - ABB	360 - 320	144 - 128
BTEC	D*DD	380	152
IB	32 - 30	435 - 392	New tariff is at component level
Students are also required to hold:			
GCSEs	Old grading system	New grading system	
Maths	B	6	
English	C	4	
IELTS	Overall Score	Individual Elements	
	6.0	5.5	

All applications will be considered holistically and offers will be based on qualifications, subjects studied, any relevant work experience and personal statements demonstrating a desire to work in the finance and banking industry.

Mature students who do not meet the entry criteria may be eligible to enrol under The London Institute of Banking & Finance mature student process. Students entering under this process will be required to submit a CV supported by a 500-600 word statement indicating why they have chosen to undertake the programme and how it will support their career plans. If invited to progress, an interview may be held.

Entry at Level 5 still requires an applicant to meet the above requirements, however, if the applicant has studied at Level 4/5 at another university consideration is given to accreditation for prior learning (APL). If the applicant is International they also need to meet an IELTS grade of 6.5 overall with no element below 6.0.

Entry at Level 6 is only permitted where we have a specific arrangement with a partner organisation or the applicant has previously studied with us and gained a relevant Diploma of Higher Education.

10. GRADUATE DESTINATIONS

Graduates of this course are likely to go on to careers in a wide range of investment banking roles as traders, fund and asset managers, analysts and brokers. The programme is also designed to be an excellent foundation for the CFA Institute's globally recognised CFA award or further specialist studies in Finance at Masters level.

11. INTENDED LEARNING OUTCOMES FOR THE EXIT AWARDS

Certificate of Higher Education in Financial Services (CertHE FS)

On successful completion of this programme, you will be expected to:

- LO1.** Discuss the role, operation and function of markets and financial institutions, the nature of the contexts and institutional framework within which they operate, and the products and services they deliver. *F3.2*
